Release Notes

Release Date: 5/28/2024

RELAY

- FEATURES
  - Appended the form name to the form number for carriers using Eleos and McLeod.
- BUG FIXES
  - Resolved an issue displaying time values on a single line in the Drivers column.

ROLLER

- FEATURES
  - Added company contact information on the Home screen. See image, "Company Information."
  - Added the ability to reorder the cards on the Home screen.
  - Added the ability to rescan a rejected document from within the message thread. See image, "Document Rescan and Resubmission."
  - General maintenance and performance improvements.
- BUG FIXES
  - Resolved an issue where an activity status showed as complete instead of submitted.

ROLLER Desktop

- FEATURES
  - Added a grid view of configured Activities.
  - Added logic to account for disabled rules when calculating workflow.
  - General user interface improvements.
- BUG FIXES
  - Resolved an issue where users arrived at a blank page if the tenant did not have document scanning enabled.
  - Resolved an issue where users could see Document Types in the sidebar if the tenant did not have document scanning enabled.
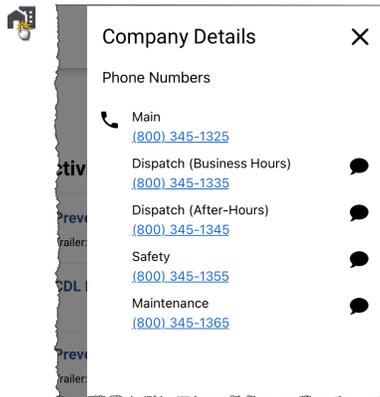

TORQUE

- FEATURES
  - Added support for terminals as an attribute in Geotab's driver sync.
  - Added team driver support for load assignments from McLeod to Eleos.
  - Added the ability to send freeform messages to and from the driver for the Transflo integration.
  - Added the ability to send load assignments to Transflo.

We value your feedback! If you have a question about a product or feature, or have something to share with the team, please contact your Motorcity Systems representative or send an email to support@motorcity.systems.

- BUG FIXES
  - Added a setting to control how auto-arriving at stops with geofence breaks works.
  - Resolved an issue updating Delivered and Consumer dates in RELAY for the McLeod integration.
  - Resolved an issue updating duty status events for the OmnitracsXRS integration.
 - Removed a requirement for a leg header number when processing non-workflow-related forms.
