

Release Notes

Release Date: 5/3/2022

ADMIN

- FEATURES
 - Trimmed spaces off of the end of the Driver ID.
- BUG FIXES
 - Allow clicking a customer or location into a new tab.
 - Fixed the aspect ratios on avatars to prevent distortion.
 - Modified password types to not trigger LastPass.
 - Resolved an issue where power units and trailers were disabled upon creation.

RELAY

- FEATURES
 - Added emoji support for individual and group messages. Only TORQUE providers that support emojis will see this feature. See image, “Emoji Support for Messages.”
 - Added formatting to the content in forms based on configuration for the driver (Eleos only). See image, “Form Content Formatting.”
- BUG FIXES
 - Resolved an issue with Bitwarden pushing down the page.

TORQUE

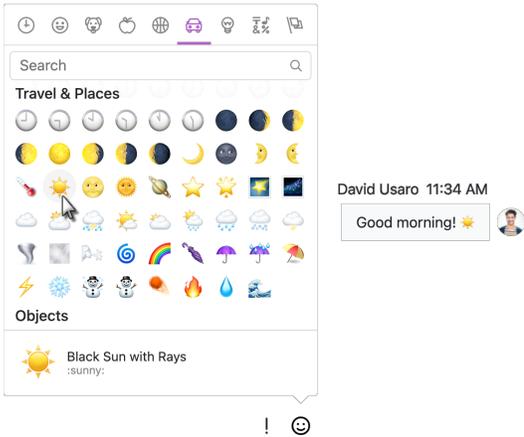

- FEATURES
 - Added a feature to remove unassigned loads for Eleos.
 - Added a runtime log for Twilio. See image, “Twilio Runtime Log.”
 - Improved error styling for overall design consistency.
 - Set the default date range on all runtime logs to be the last 24 hours.
- BUG FIXES
 - Fixed the alert threshold for Eleos and Twilio.
 - Modified password types to not trigger LastPass.
 - Resolved an issues with sending SMS authorization to a large number of drivers.

WIRE

- BUG FIXES
 - Fixed some memory leaks.

We value your feedback! If you have a question about a product or feature, or have something to share with the team, please contact your Motorcity Systems representative or send an email to support@motorcity.systems.
